PARTY PEOPLE

Apparently, free lunch is the big draw that has in years past brought so many to the annual Redwood Holiday Party. The online Zoom holiday party held December 5th, 2020 was considerably less well attended. The few of us who did show up had a lively discussion about electric mouse traps. See what you missed?

Here's photo documentation of that less than momentous event. Fingers crossed 2021's party will revert to the much more popular IN PERSON format.
